

Slide Show Presentations

As technology changes, so too are the ways we may remember and pay our respects to family and friends at funerals.

At Broulee Memorial Gardens, mourners may be taken on a journey through the life and times of the person they so sadly miss by the ability to view photos & slide show presentations as a part of the funeral service.

DVD Keepsake of the Service

Families also have the option to be able to share that journey through life with others, by requesting an audio or video recorded DVD Keepsake of the Funeral Service for viewing or listening to at home, or even forwarding interstate or overseas for those unable to attend.

Planning Ahead

From experience, when a death occurs we are naturally overcome with many different emotions, having to endure these emotions along with answering questions, and having to make so many decisions, we have come to realise peace of mind gained by family and friends knowing what your wishes are, makes a difficult time just that bit easier.

There are a number of items that are able to be pre paid through Broulee Memorial Gardens such as

- Cremations
- Chapel
- Memorials
- Burials.

To begin planning ahead please call our office for more information and

- lessen the burden on your family by reducing the number of decisions that need to be made during an emotional time
- safeguard against future price increases
- ensure that your wishes will be carried out.
